

PERIPATETICS AT THE GREENSTEDS MUSIC DEPARTMENT

Greenstedts International School has an ongoing Music Instrument teaching programme aimed at developing musical talent in our students. Each year we have students taking ABRSM (Associated Board of the Royal School of Music) and LCM (London College of Music) practical examinations in their respective grades. Through individual instrumental lessons, we can track and assess the development of skills. These are scheduled once a week for half an hour, during co-curricular time and on weekends. The lesson charges are **Ksh. 1,400 per lesson (Ksh 14,000 per term for 10 lessons).**

Suitable and qualified tutors have been identified in the following instruments:
